PARTY ACTION.

Officers of the Clubs Make Nominations Saturday Night.

At the meeting of the board of officers of all the clubs of the American Union Party, held at the American League hall on Saturday evening, eight districts, represented by eighty-six members sitting in convention, the following gentlemen were nominated as candidates for the seat in the Advisory Council made vacant by the resignation of Mr. Subr. These nominations are to be submitted to the various clubs of this island, on Tuesday evening for the purpose of electing one of the three men proposed and the one receiving the highest number of votes is to be the official choice of the American Union Party.

The men nominated were W. R. Castle, Theo. F. Lansing and J. A. McCandless.

The following resolution was adopted by a unanimous vote:

In view of the signal services of the Hon. L. A. Thurston, both at home and abroad, in the cause of annexation and good government, and in view of the fact that his distinguished abilities demand his participation in the Constitutional Convention; Therefore be it resolved, That this body, in convention assembled, do hereby unanimously request of the Executive and Advisory Councils and the elected members of the Convention to invite Mr. Thurston to participate in their deliberations, and to extend to him the freedom of the floor and participation in debate.

THE TAGAWA COAL MINE!

is located in Fukuoka Ken a the Island of Kinshui, Japan, and was discovered about twenty years ago. It was owned by the government and mined simply for the government's use.

Great improvements, however were made since it was sold to a corporation about six years ago, by importing mining machinery from Europe and America.

TAGAWA COAL

is used more than any other Japanese coals in the following countries: China, Manila and Strait's Settlements. It has found its way even to Bombay.

Two cargoes have been imported into the Hawaiian Islands recently, and it has no superior in this market as stove or steam coal.
